

ZŁOTA ISKRA

— ✦ — RESTOBAR — ✦ —

OUR STORY

The story of Złota Iskra begins with a passion for the urban atmosphere, rhythm, and energy of life in large metropolises. The owners spent years traveling the world, visiting various restaurants and bars, searching for a place that combined elegance, warmth, and a modern approach, but none fully matched their vision.

One evening, while watching the sunset in a big city, they noticed how the last rays of light reflected off the city's lights, resembling small sparks that filled the city with energy. This feeling – a small spark igniting a great flame of inspiration – became the idea for their own project.

Złota Iskra symbolizes that energy, pulsing through every corner of the city, and the moments that light up life like a flash of fire in the dark.

Service is not included, for groups over 5 people we charge 10% service.
